"Robyn has equipped us with tools to change the way we think. None of this "think positively and you can do anything stuff." Robyn has the ability to get to her audience's souls. She showed us how we can empower ourselves to enjoy our work, deal with conflict and enhance our lives, both inside and outside work. The investment we made, in times of limited funding, has been the best value for money we could have wished for. The feedback from staff has been overwhelming. We expect this will positively accelerate the cultural change that our leadership team has initiated."

TESTIMONIALS FROM CLIENTS IN EVERY SECTOR...A to Z!

AGED CARE:

"Excellent! Robyn delivers a message that is like a shot of vitamin B, dark chocolate and good wine – and should be delivered regularly. She constantly pulls you from your own thoughts into the future, into the moment, and into valuing the now and the self. From laughter to tears to laughter there is not a person who cannot be moved by the integration of stories and experiences that she shares. You arrive at her session with a sense of anticipation and leave with a sense of purpose – defined."

Marie Alford Alzheimers Australia SA (Carers' Conference)

AGRICULTURE:

"Robyn was outstanding. She showed an extraordinary ability to totally capture her audience, which comprised of farming men and women aged from 30 to 75 plus teenage children home from boarding school. These drought affected families were totally inspired and entertained by Robyn. There is no doubt laughter is the best medicine and Robyn is a brilliant Dr. So many came to her afterwards and to me saying they had changed their attitude and now had renewed energy to go on coping with the drought. We have never had such positive feedback from an audience and there is much enthusiasm from other groups to have her back to other areas nearby. The best drought assistance ever offered to farmers."
