OTHER THINGS

STYLING

Our Shed is full of character on its own but you're more than welcome to bring some of your own touches or work with a stylist - there are some great stylists working in Tassie so just ask us for recommendations. Festoon lighting is recommended and must be installed by a professional.

We have vintage plates and cutlery which are available for you to use at no extra charge. You will need to source your own cloth napkins, tablecloths, table runners etc. and if you desire matching plates or cutlery you would need to hire that with your stylist.

Our staff will move all furniture into position, get the venue ready for your guests and place any simple table decorations. For any additional decorating and more extensive table settings and layouts, a stylist or a staff member are required for set up and pack down.

MUSIC

The Apple Shed is wired up to accommodate live music and DJs with our own built-in sound system that includes a cordless microphone that can be heard both inside and outside the venue. Most bands or DJs like to do their own sound and you can also provide your own Spotify playlist that we can play for your event.

TRANSPORT

We are just a short 25-minute drive south of Hobart and we recommend using one of the local coach services to transport your guests to and from Hobart.

See our list of suppliers when you book with us.
