VENUE HIRE GUIDE

The Albert Hall holds a special place in Launceston's story.

With four distinctive spaces available, the Albert Hall offers a striking setting for performances, exhibitions, conferences, celebrations and special events.

From intimate gatherings to large-scale events, each space can be hired individually, together, or in a customised combination, allowing you to create an event tailored to your audience and needs.

At its heart is the recently refurbished Great Hall, one of Tasmania's finest heritage venues. The award-winning Eastern Foyer reimagines the venue experience, creating a thoughtfully designed threshold between grand heritage spaces and the beauty of City Park. Together, this collection of adaptable meeting and event spaces offers opportunity and flexibility for every kind of event.

The Albert Hall's story began in 1891. Now it's ready for yours.

The Great Hall

A place where generations have gathered, and new possibilities continue to unfold.

The Great Hall is one of Tasmania’s most celebrated event spaces. Beautifully refurbished and rich in character, it has welcomed audiences, artists and communities since 1891, providing the backdrop to performances, celebrations and defining moments in Launceston’s history.

From Dame Nellie Melba and the Tasmanian Symphony Orchestra to Paul Kelly, Baker Boy and AC/DC, the Great Hall has welcomed some of Australia’s most celebrated performers. It has hosted university graduations, civic ceremonies, gala dinners, exhibitions, sports, social dances, and community events, each adding to the rich history of this remarkable space.

Today, the Great Hall continues to evolve, combining its heritage with the flexibility to accommodate everything from concerts and theatrical productions to conferences, exhibitions and gala events.

The Eastern Foyer

A new way to experience the Albert Hall.

The Eastern Foyer is a striking addition to the Albert Hall and a destination in its own right. Designed as a threshold between the Great Hall and City Park, it creates a unique transition between heritage architecture and one of Launceston’s most treasured public spaces.

Inspired by the dappled light and surrounding landscape of City Park, the Eastern Foyer offers an atmosphere unlike any other. Curved architectural forms, shifting light and views into the park create an environment that encourages guests to pause, gather and connect before, during and after an event.

When the Great Hall is not in use, it can be hired as a standalone venue, offering a contemporary space for events that invite people together in new and memorable ways.

Together, they extend the event experience beyond the Hall itself, inviting guests to move between the heritage grandeur of the Great Hall and the natural beauty of City Park.
